Summary

Adaptable and quick-learning backend developer with a strong foundation in PHP/Laravel, recently expanded skills to include Node.js and related technologies. Passionate about clean code, OOP concepts, and implementing best practices. Seeking opportunities to apply my diverse skill set and contribute to innovative projects in both local and remote settings.

Skills

- Programming Languages: **Node.js, JavaScript, PHP, Go**
- Frameworks: **NestJS, Laravel**
- Databases: **MongoDB, PostgreSQL, MySQL**
- Front-end Technologies: **HTML, CSS, jQuery, Bootstrap**
- Version Control: **Git (Gitflow)**
- Development Principles: **SOLID, Clean Code, Clean Architecture, Design Patterns**
- Methodologies: **TDD, DDD, BDD, EDD** (*Familiar*)
- APIs: **REST**
- Deployment: **Docker, Docker Compose**

Projects

Crypto OTC Project Backend (Node.js)

- Developed a simple crypto OTC project backend using Node.js, NestJS, MongoDB, and PostgreSQL
- Implemented best practices to demonstrate quick adaptation to new technologies
- Utilized REST APIs for communication

CRM Project for Barbers (PHP/Laravel)

- Developed a comprehensive CRM solution with features such as client management, order management, and automated SMS services
- Implemented Services-Oriented Architecture (SOA) and utilized Laravel's MVC
- Ensured clear abstractions through Repository pattern and logic decomposition
- Utilized Laravel job manager to handle third-party unreliability
- Designed and developed the UI dashboard using HTML, CSS, JS, jQuery, and Bootstrap
- Deployed the project using Docker and docker-compose with MySQL

Management System for English Academy (PHP/Laravel)

- Developed a comprehensive system with three distinct panels: Admin, Personnel, and Student
- Implemented using Laravel's MVC architecture for maintainability
- Leveraged Git for version control and MySQL for database management
- Designed responsive UI using HTML, CSS, and Bootstrap

Experiences

Back-end Developer

Ponisha - Freelance

Jul 2021– Present

Tehran, Tehran, Iran

Back-end Developer

PishroFanavar | Internship

Aug 2023 – Dec 2023. 5 mos

Tehran Province. Iran . Hybrid

Education

Shahid Sadouqi

High School Diploma, Computer Sciences

2021 - 2024

Karaj, Alborz Province , Iran

Additional Information

- Quick learner, demonstrated by rapid acquisition of *Node.js*, *NestJS*, *MongoDB*, and *PostgreSQL* skills
- Proficient in deep *OOP* concepts and various software development principles
- Passionate about staying updated on industry trends and *best practices*
- Highly motivated to work with potential companies and startups to continue growing as a backend developer

Certificates
